

CTL CHROMEBOOK NL72 LTE SERIES

Be Productive From anywhere

Private or public LTE, CTL has a Chromebook to keep you connected, productive, and protected.

CTL's LTE-ready NL72 Series Chromebooks offer unbeatable value and performance for organizations looking for devices that offer easy integration with private wireless networks. Insert a SIM card from your carrier, activate your data plan, and deliver high-speed connectivity on the go.

With select models featuring Band 48 support, our LTE Chromebooks are ready to connect with CBRS Private LTE networks, ensuring enhanced security and performance for your organization.

Powerful computing to drive tomorrow's applications

Powerful performance

An Intel® processor and up to 8GB memory and 64GB of storage give the Chromebook enough power to get important work done.

Flexibility and strength

A 180-degree lay-flat hinge offers flexible user interaction and reduces the chance of a broken hinge.

Fast connectivity

Wi-Fi 6 ensures the fastest internet connection for multiple devices on the same network and Bluetooth 5.2 makes connecting to peripherals faster and easier.

Rugged durability

MIL-STD-810H durability includes drop testing from 75 cm, spill and peel-resistant keyboards, hardened glass, and built-in carry handles.

Easy collaboration

A unique 360° rotating camera enables flexible video creation and collaboration.

I/O convenience

USB-C ports are located on BOTH sides of the Chromebook for efficient data transfer, power delivery, and charging options.

Get it all done and done well with CTL's Life Cycle Services. CTL is your one-stop resource for 1:1 program planning and advice, device configuration and deployment services, warranty and service plans, as well as trade-ins and recycling. Other benefits of working with CTL include:

- **Volume discounts**
- **24/7 spare parts portal**
- **Free ZTE and free shipping**
- **Industry-leading ChromeOS expertise**
- **5-day OEM-expert service turnarounds with zero deductibles**
- **Certified B Corp prioritizing sustainability and social responsibility**

Work with your dedicated account manager to customize a program for your needs.

Technical Specifications

Connected. Productive. Resourceful. The CTL Chromebook NL72 LTE Series features the latest in performance, speed, and versatility.

Better, faster, stronger

Intel® N4500 CPU delivers 35% better overall application performance than previous models.

Seeing is believing

Touchscreen models feature hardened glass.

Right at your finger tips

10-point multitouch technology.
(NL72CTL model only)

Private LTE CBRS B/48 ready

Two models (see below) are built with Band 48 capabilities.

MIL-STD-810H tested durability

Work through anything with the spill-resistant keyboard, moisture-resistant track pad, and easy single key repair.

Retractable handle

For convenient carrying, reducing drops.

Work and play all day

Long life battery.

Lifetime support

CTL offers extended warranties and protection plans for up to 4 years, while Google Automatic Updates are active through 2031.

Easy collaboration

Wi-Fi 6 plus a 360° rotational camera.
