

CTL COMPUTER MONITORS

# Elevate Your Viewing Experience

Unmatched clarity and performance with CTL's compact displays for work, school, or home.

**Bring your content to life with crisp visuals, wide viewing angles, and brilliant colors.** Featuring cutting-edge LED and ADS technology, CTL monitors are thoughtfully engineered to meet your evolving needs. The compact, streamlined design ensures plenty of space for other desktop peripherals.

Designed to display the color, motion,  
and brilliance you need from a monitor

## IP2156 22" FHD LED Monitor

Featuring a 21.5" 1920 x 1080 FHD display, the CTL IP2155 monitor delivers ultra-quality performance for a seamless viewing user experience.

Luminance controls deliver better brightness regulation, and Adaptive Sync technology ensures an immersive and enjoyable viewing experience, especially for content that is fast-paced or graphically demanding.

## P2381 24" FHD LED Monitor

Simple, elegant, and packed with features, the CTL IP2381 1920 x 1080 FHD LED monitor delivers maximum multimedia enjoyment. Reduce screen tearings, stuttering, and input lag with the new FreeSync technology.

Professionals, teachers, students, and other users will benefit from the display's color accuracy and wide viewing angles.

An optional height-adjustable stand is available for this display.

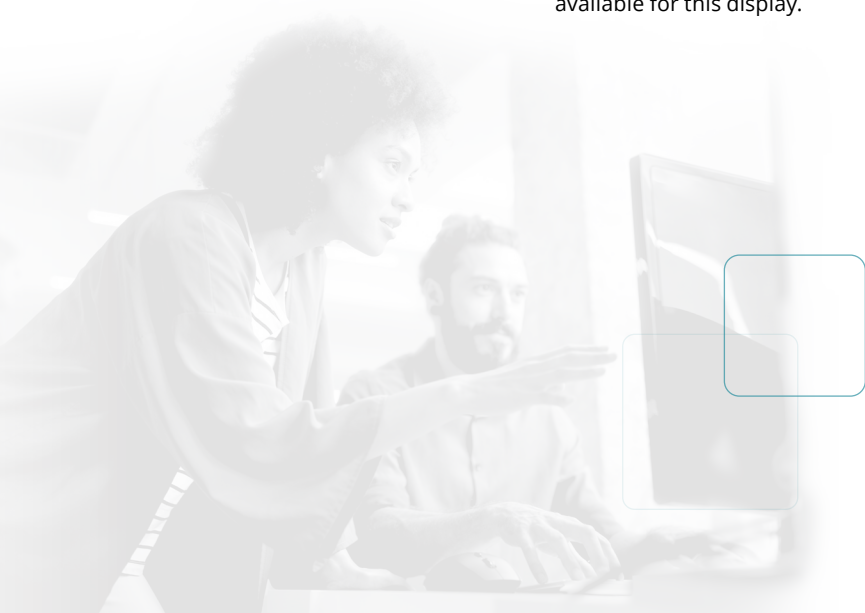

## IP2781 27" QHD LED Monitor

Enjoy Quad High Definition (QHD) technology with the CTL IP2781 display resolution of 2560 x 1440 pixels with FreeSync technology.. This results in ultra-sharp, detailed images and fast refresh rates, perfect for tasks like graphic design, video editing, and gaming.

This QHD monitor offers the perfect balance between detail and performance. Clearer text and more vibrant colors are especially noticeable on larger monitors like on this 27" model.

An optional height adjustable stand is available for this display.
