

Stay Connected and Productive

Meet Compute System GQE20C

This compact, high performance Google Meet device provides fast and easy setup, reliable connectivity, and optimized meeting technology

Google Meet

Designed, Built, and Tested for Google Meet

Created with enterprise grade reliability and security in mind

- Next generation Intel i5-1335U processor with 16GB RAM and 256GB SSD
- Meets specific versions of ChromeOS with automatic updates through June 2030
- Enterprise grade manufacturing with rigorous testing
- Extended device lifespan and support for prolonged use
- On-device encryption and verified boot self-check

Integral Part of Logitech Room Solutions

Quickly and easily transform any meeting room into a Google Meet video collaboration space

- Superior face-to-face meeting experience with studio quality video and sound
- Simple process to join, manage, and document important meetings
- All-inclusive systems turn small, medium, or large rooms into collaborative teamwork spaces
- Certified and curated components combine to create affordable and headache-free video conferencing

Space-Saving Design, Easy Installation

With a slim body and high-powered performance, this compute system is designed by Google for Meet

- Single-side ports for easy cable access and management
- Upright desktop design option
- Slimmer, modern design with VESA-compatible or magnetic mounting options
- Features two HDMI ports to support dual displays

10.04.23

Meet Compute System GQE20C

Compact. Powerful. Scalable.

A durable, reliable, and secure device that provides tailored, end-to-end meeting solutions for education and corporate customers.

Small and Secure

Slim design with easy installation via magnet or VESA mount

Strong and Safe

Manufactured and tested for enterprise-grade durability

Stands On Its Own

Includes upright desktop stand option

Better. Faster. Stronger.

Intel i5-1335U CPU with 16GB of RAM, 256GB of storage, and ultra-fast bootup

Packaged for Sustainability

FSC-certified packaging sourced from well-managed forests
75% Recycled plastics

Support That Lasts

Built-In Google H1 Security with automatic updates through June 2030

Get Connected Easily

Easy cord access and management with single-side ports, including two HDMI connections for dual displays

Specifications
