

CTL USB-C CHARGING STATION

Compact, Efficient Charging for Chromebooks

Small but mighty, this compact tabletop charging station easily fits in any classroom, office, or library. With up to 1000W of charging, mix and match up to 16 Chromebooks or other USB-C devices for quick, quiet, efficient charging in this station. Pair with CTL's magnetic USB-C breakaway adapter for fast, no-damage connection of devices for charging.

Enhance efficiency, improve organization, and create a more positive and productive environment with the CTL USB-C Charging Station for Chromebooks.

Plug-and-play, easy operation

Enjoy high-capacity charging

16 individual charging ports provide up to 1000W charging capacity for simultaneous USB-C charging of Chromebooks, phones, tablets, or other laptop devices.

Assure safety

Integrated safety features include a built-in heat sink and over-temperature, over-voltage, over-current, and short-circuit protection to protect devices and environments.

Operate quietly

A built-in silent fan promotes quiet, efficient heat dissipation.

Avoid scratches

Anti-scratch coating protects devices in the station.

Save space

This Chromebook charger minimizes footprint to conserve valuable work or classroom space.

Easy to use

Simple plug-and-play operation with no complex setup required.

Keep it neat

Includes 16 short charging cables to avoid cord tangling and mess.

Ensure sustainability

Build a better future with CTL, a Certified B Corp, offering responsibly sourced components, eco-friendly packaging, trade-ins, and electronics recycling end-of-life programs.
