# Reduce the Cost of New Device Refreshes

## Why Dispose of Your Assets with CTL?

Repurposing this equipment for a second life or responsible recycling delivers a host of benefits to you:

### Recover the most asset value

CTL pays you top rates for this equipment, enabling you to use credit dollars toward new device purchases or simply reclaim cash.

### Ensure the funds stay in your tech budget

Use CTL store credit to directly purchase new devices, eliminating the risk of cash payouts being diverted.

### Proven expertise

Our team has a deep understanding of the unique needs of educational institutions. We've successfully partnered with a wide variety of schools and districts to manage their data destruction and value recovery needs.

### Reduce logistical complexities

CTL's ITAD team handles the logistics of asset disposition, tracking, and production of an audit trail to reduce the burden on IT departments and free up resources.

### Reduce data security risks

Our R2v3 Certified data wiping and NAID AAA certified physical drive destruction services ensure there is no sensitive data on discarded devices to pose risk of student and staff data breaches.

### Achieve industry regulatory compliance

Maintain compliance with CTL's documented processes, certifications of data destruction, and R2v3 certified disposal methods.

### Mitigate environmental impact

As a certified B Corp™, CTL properly recycles to avoid pollution and, better yet, refurbishes IT assets for a second life either as whole systems or parts, keeping components in use longer to minimize environmental impact.
