

CTL OPS ALL-IN-ONE WITH CHROMEOS

# Slide Into a Smarter Desktop

Unleash a secure, ultra-streamlined desktop experience with this ChromeOS-powered AIO solution.

Slide any CTL Chromebox OPS directly into CTL's OPS-ready monitor to create a cable-free desktop without external hardware. Ideal for education, government, and enterprise desktop fleets, this solution leverages the power of ChromeOS for its legendary cybersecurity and easy IT management. CTL's hallmark white-glove configuration service ensures your system is paired, tested, and shipped to you in a waste-reducing single box.

### Deploy the power of ChromeOS to your desktops.

Create a singular, cohesive ecosystem that streamlines policies and configurations across all Chromebooks and AIO desktops with ChromeOS.

### Simplify IT management.

Streamline your fleet, reduce deployment hassles, and standardize your maintenance with the power of ChromeOS. Manage all your devices using the Google Admin console.

### Future-proof your desktops.

Upgrading simply requires swapping the internal OPS module, preserving the monitor hardware.

### Simplify clutter complexity.

Keep your desktops cleaner with this single-cable solution. Perfect for libraries, school test-taking centers, call centers, nursing stations, computer labs, check-in stations, and other applications where desktop fleets are required.

### From the leaders in all-in-one ChromeOS solutions.

CTL offers a long history of pairing monitors with Chromeboxes to create all-in-one desktop computers. Over the years we've built expertise, systems, and customer-support processes that get you up and running quickly and smoothly.

Craft your simple, affordable ChromeOS AIO computer with CTL's exceptional Chromebox OPS, OPS-ready monitor, keyboard, and mouse.

### CTL Chromebox OPS

The CTL Chromebox OPS brings the power of the ChromeOS ecosystem to the desktop. Featuring a fast Intel i3 or i7 processor, 8GB RAM, and 256GB SSD, CTL's Chromebox OPS delivers smooth performance for brilliant 4K displays.

### CTL OPS-Ready Monitor

CTL's 24" OPS-Ready Monitor is the world's first desktop display featuring an integrated Open Pluggable Specification (OPS) slot. Transform your desktop into a cable-free AIO when paired with the CTL Chromebox OPS.

### Logitech MK120 Wired USB Keyboard and Mouse Kit

Optionally include a comfortable, quiet-typing keyboard and precise mouse, featuring a spill-resistant design, sturdy adjustable tilt legs, and instant plug-and-play USB setup.

# CTL OPS All-in-One with ChromeOS

## Uplevel performance

With 8 GB of RAM, 256 GB of storage, Wi-Fi 6E, and Intel i3 or i7 processing, your all-in-one desktop solution is ready for any modern computing application.

## Enjoy bright, borderless viewing

Full HD 1920 x 1028 native resolution with 3 borderless sides optimizes the monitor for maximum viewing, crisp text rendering, and vibrant media playback in any environment.

## Ample I/O

The Chromebox OPS features everything you could need: USB Type-A, USB Type-C, HDMI, LAN, and more.

## Collaborate clearly

Enjoy crisp video from the pop-up 5 MP webcam with +/- 20 degree mechanical angle adjustment.

## View ergonomically

The height-adjustable stand provides comprehensive vertical adjustments for maximum viewing comfort, reducing strain during extended use.

## Receive expert technical support

Includes access to CTL's experienced technical team for configuration, deployment, maintenance, and IT asset retirement services.
